kW Savings	Annual kWh Savings	Fuel Savings (or increas)	Annual \$ Savings	Project Cost

If applying with a multiple-site project, please provide a site specific breakout of each of the above data.

Please use this space to describe the project in detail. Include items like baseline equipment and efficiencies, operating schedules, proposed equipment, and efficiencies, etc. If the proposed equipment produces emissions, list the emissions rate. **Be sure to attach spec sheets** for any equipment proposed for installation.

Agreement to Terms and Certification

Pre-qualified projects must submit an application for incentives within 90 days of invoice for the purchase and installation of pre-qualified measures. All other projects must submit the application either before, or within 90 days of, contracting for the project.

I understand that this application may not be approved if the requirements of the program are not met. I understand that final payment will be contingent on meeting all the terms and conditions of the program.

If applying for electric incentives, I certify that this Facility is an electricity distribution customer of a New York State

investor-owned utility, and pays the System Benefits Charge.

If applying for gas incentives, I certify that this Facility is a gas distribution customer of Con Edison and is assessed the Monthly Rate Adjustment, or is a National Fuel Gas commercial customer.

NYSERDA is instituting a white tags Pilot. By checking this box I transfer ownership and rights to all energy efficiency benefits associated with the this project to NYSERDA - including, but not limited to white tags, environmental certificates, offsets or credits. Collected white tags will be used for increased funding opportunities for NYSERDA's current and future incentive programs.
