

1. Complete the National Fuel Non-Residential Conservation Incentive Program Application, review the terms and conditions and sign the application form on page 2. New construction is eligible for this program.
2. Include the following items:
 - Copy of facility's National Fuel utility bill
 - Specification sheets for all equipment proposed for installation
 - Contractor invoice
 - W-9 form (Request for Taxpayer Identification Number and Certification)
3. Mail or scan the application and supporting documentation to:

Completing the Natural Gas Efficiency Measure Worksheets

- Fill in the appropriate fields for individual natural gas efficiency measures on pages 4 through 8.
- To calculate the Total Incentive for each measure, multiply the Count (quantity of installed equipment) by the Unit Incentive and enter this amount in the Total Incentive column.
- Enter the sum of the Total Incentive for each category on the summary worksheet on page 3 and add these Total amounts together for the Grand Total amount on the last line.

Be sure to include:

- 1) This completed worksheet and any other measure worksheets associated with your project.
- 2) Gas utility bill from the last 90 days.
- 3) Invoices, including purchase and installation price.
- 4) Equipment specification sheets showing manufacturer(s) and model number(s).

Questions regarding the process, incentives or requirements? Contact a C.J. Brown representative at NFRbateHelp@cjbrownenergy.com or call 1-844-365-3493.

Is this a fuel conversion? Yes No If yes, from what fuel type? _____

Does this replace existing equipment? Yes No If yes, list equipment and age of equipment below.

Equipment Type	Estimated Age of Equipment

Natural Gas Air Furnace Incentive Table

Measure Code	Unit Incentive	Minimum Efficiency	MBtu/h = 1,000 Btu/h
AF-3	\$5/MBtu/h	≥ 95% AFUE	

Natural Gas Air Furnace Incentive Table

Measure Code	Description	Unit Incentive	Minimum Efficiency	MBtu/h = 1,000 Btu/h
UH-i	Low-intensity, infrared natural gas-fired heater	\$2.50/MBtu/h	Any efficiency	
UH-a	Natural gas-fired air unit heater	\$2.00/MBtu/h	≥ 90% E _t or AFUE	

Natural Gas Air Furnace and Unit Heater Data Collection Table

Measure Code	Manufacturer	Model Number	(A) Input Capacity (MBtu/h)	Efficiency (AFUE or E _t)	(B) Count	(C) Incentive/Unit	Total Incentive (A x B x C)
Ex: AF-3	Company	xx-xx	250	96%	1	\$5/MBtu/h	\$1,250
Total Incentive Requested (Enter on page 6)							\$

Natural Gas Condensing Hot Water Boiler Incentive Table

Measure Code	Incentive/Unit	Eligibility Criteria		<ul style="list-style-type: none"> Qualifying equipment must fit within the appropriate size range for input capacity (MBtu/h) MBtu/h = 1,000 Btu/h
		MBtu/h	Efficiency	
CB-1	\$1,000	≤ 300	≥ 90% AFUE	
CB-2	\$1,500	301 – 500	≥ 90% E _t	
CB-3	\$2,500	501 – 1,000	≥ 90% E _t	
CB-4	\$3,500	1,001 – 1,700	≥ 90% E _t	
CB-5	\$4,500	> 1,700	≥ 90% E _t	

Natural Gas Steam Boiler Incentive Table

Measure Code	Incentive/Unit	Eligibility Criteria		<ul style="list-style-type: none"> Qualifying equipment must fit within the appropriate size range for input capacity (MBtu/h) MBtu/h = 1,000 Btu/h
		MBtu/h	Efficiency	
SB-1	\$2/MBtu/h	≤ 300	≥ 82% AFUE	
SB-2	\$1/MBtu/h	301 – 2,500	≥ 79% E _t	
SB-3	\$1/MBtu/h	> 2,500	≥ 80% E _t	

Natural Gas Boiler Data Collection Table

Measure Code	Manufacturer	Model Number	Input Capacity (MBtu/h)	Efficiency (AFUE or E _t)	(A) Count	(B) Incentive/Unit	Total Incentive (A x B)
Total Incentive Requested (Enter on page 6)							\$

Furnace/Boiler Tune-Up Data Collection Table

Measure Description	Measure Code	(A) Count	(B) Incentive/Unit	Total Incentive (A x B)
Furnace Tune-Up	T-1		\$125	
Boiler Tune-Up	T-2		\$125	
Total Incentive Requested (Enter on page 6)				\$

Demand-Control Ventilation Data Collection Table					
Measure Code	Area of Conditioned Space	Manufacturer and Model Number	(A) Count	(B) Incentive/Unit	Total Incentive (A x B)
Ex: HE-6 (DCV)	2,800 s.f.	Company xx-xx	2	\$200/sensor	\$400
HE-6 (DCV)				\$200/sensor	
Total Incentive Requested (Enter on page 6)					\$

Natural Gas Water Heater Data Collection Table						
Measure Code	Description	Eligibility Criteria	Size	(A) Count	(B) Incentive/Unit	Total Incentive (A x B)
WH-6	Tankless Water Heater	0.87 UEF	Any size		\$400	
Total Equipment for Natural Gas-Fired Water Heaters Incentive Requested (Enter on page 6)						\$

Duct Insulation Data Collection Table						
Measure Code	Duct Section	Dimensions of Duct (width x height) (in.)	(A) Length of Ductwork Insulated (ft.)	(B) Incentive /ft.	Total Incentive (A x B)	<ul style="list-style-type: none"> • Ductwork traveling through uninsulated plenum space only • Duct insulation for natural gas-fired heating systems only • Insulation R-value of at least 6 • For existing uninsulated ductwork
HE-4	1			\$.50/ft.		
HE-4	2			\$.50/ft.		
HE-4	3			\$.50/ft.		
Total Duct Insulation Incentive Requested					\$	

Pipe Insulation Data Collection Table						
Pipe insulation for existing natural gas-fired hot water or steam boiler systems only. Insulation R-value > 4						
Measure Code	Pipe Section	Contents of Pipe (domestic hot water, for heating, steam)	Diameter of Pipe (in.)	Length of Insulated Pipe (ft.)	(B) Incentive (x/ft.)	Total Incentive (A x B)
HE-3	1				\$3.00/ft.	
HE-3	2				\$3.00/ft.	
HE-3	3				\$3.00/ft.	
Total Pipe Insulation Incentive Requested (Enter on page 6)						\$

Accessory Equipment Data Collection Table

Measure Description	Measure Code	(A) Count	(B) Incentive/Unit	Total Incentive (A x B)
Wi-Fi Thermostat	TH-2		\$100	
Smart Thermostat	TH-3		\$200	
Total Accessory Equipment Incentive Requested (Enter below)				\$

Natural Gas Clothes Dryer Data Collection Table

Measure Description	Measure Code	(A) Count	(B) Unit Incentive	Total Incentive (A x B)
Natural Gas Clothes Dryer	GD-1		\$50	
Total Natural Gas Clothes Dryer Incentive Requested (Enter below)				\$

Individual Measure Incentive Totals

- Air Furnaces and Unit Heaters Total \$ _____
- Boilers Total \$ _____
- Furnace/Boiler Tune-Ups Total \$ _____
- Demand-Control Ventilation Total \$ _____
- Water Heaters Total \$ _____
- Duct Insulation..... Total \$ _____
- Pipe Insulation..... Total \$ _____
- Accessory Equipment Total \$ _____
- Commercial Kitchen Equipment Total \$ _____
- Natural Gas Clothes Dryer..... Total \$ _____

Grand Total Natural Gas Efficiency Incentive Requested \$ _____
(Rebate cap of \$100,000 per project, per program year)

Terms & Conditions

1. To be eligible for a rebate, I understand that: (a) I, or my tenant, must be a customer with an active meter serviced by National Fuel Gas Distribution Corporation ("National Fuel") in National Fuel's Western New York service territory for the installation address, and (b) the product(s) I have installed must qualify as described on the Rebate Application Form, incorporated herein by this reference, and be designed and installed to reduce the consumption of the energy distributed to me by National Fuel at the installation address. I understand I must complete an application for each installation address. For installations at multi-family dwellings, a separate application must be completed for each active meter. All uses herein of the words "install," "installation" or similar phrases shall mean complete installation such that the subject product(s) is/are fully functional at the time that the rebate application is submitted.
2. **All eligible measures must be installed by a licensed contractor, or a contractor that can supply you with either a Federal ID number, or a Certificate of Insurance, or a Business Certificate. The only exception to this is an ENERGY STAR®-labeled gas clothes dryer installation.**
3. I understand the Conservation Incentive Program Rebate term begins on October 1, 2025. Product purchases and installations made prior to October 1, 2025 do not qualify for a rebate with this form but may be eligible using application forms for CIP Year 17 (2024). Resale products; products leased, rebuilt, rented, received from insurance claims; products won as a prize or new parts installed in existing products do not qualify. All applications are processed on a first-come, first-served basis, as received. **INCOMPLETE APPLICATIONS WILL NOT BE PROCESSED.** Resubmitted information/documentation is processed on a first-come, first-served basis, based on the new receipt date. This program may be modified or terminated at any time and without prior notice. In the event that the amount of a rebate changes during the course of the program, the installation date will be used to determine product eligibility and rebate amount.
4. I understand that this signed and dated Rebate Application Form, all appropriate Proof(s) of Purchase and other required documentation as referenced in this application must be sent to National Fuel's Processing Center to be considered eligible for a rebate. Generally, a rebate check or prepaid card for qualifying product(s) will be mailed 8-12 weeks after National Fuel receives and approves a properly completed Application Package unless an application is selected for a verification, which may add additional time. I understand that if I do not indicate a preferred payment method, the default payment is a check.
5. I will allow, if requested, a National Fuel representative or third-party inspector designated by National Fuel reasonable access to the install address to verify the product has been purchased and is installed before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. I understand that National Fuel may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
6. I have installed a qualifying product(s) and understand the energy efficiency level of the qualifying product(s) determines the rebate amount (as defined in the Rebate Application Form). A single gas-fired piece of equipment that provides multiple functions (e.g., heat and hot water) is only eligible for one rebate, that being the higher rebate amount of the two listed amounts. **The rebate amount cannot exceed the equipment plus installation price. One furnace/boiler tune-up service available per furnace/boiler, per year.**
7. I agree that the selection of qualifying product(s); selection of manufacturer, dealer, supplier and/or installer and purchase, installation and ownership/maintenance of the qualifying product(s) referenced in this application are my sole responsibility and that my manufacturer, dealer, supplier or installer of these products and measures is not an agent or representative of National Fuel. I understand that National Fuel makes no representations regarding manufacturers, dealers, contractors, materials or workmanship. I **ALSO UNDERSTAND THAT NATIONAL FUEL MAKES NO WARRANTY WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE, USE OR APPLICATION OF THE PRODUCTS OR MEASURES.** I agree that National Fuel has no liability whatsoever concerning (1) the quality, safety and/or installation of the products or measures, including their fitness for any purpose, (2) the estimated energy savings of the products or measures, (3) the workmanship of any third parties, (4) the installation or use of the products or measures, including, but not limited to, effects on indoor pollutants or (5) any other matter with respect to the National Fuel Conservation Incentive Program. I waive any and all claims against National Fuel, its parent companies, directors, officers, employees or agents, arising out of activities conducted by or on behalf of National Fuel in connection with my application for any rebate(s) under the National Fuel Conservation Incentive Program. Without limiting the generality of the foregoing, none of the above stated parties shall be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary, reliance, punitive or special damages, including damages for loss of use regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
8. I am responsible for meeting all program requirements and complying with my state/county/city governments and property owner and/or homeowner's association requirements (if any) in my area regarding local conditions, restrictions, codes, ordinances, rules and regulations concerning this installation.
9. If a tenant, I am responsible for obtaining the property owner's permission to install the product for which I am applying for a rebate. My signature on this application indicates I have obtained this permission.
10. **I understand that National Fuel is not responsible for items lost or destroyed in the mail/transit.**
11. I agree and authorize National Fuel's sharing of my customer information, as set forth in the Residential Rebate Application Form, and/or project-level information with New York State Department of Public Service Staff and NYSEERDA, including its agents or authorized representatives, consistent with NYSEERDA's New York State Public Service Commission and statutorily authorized responsibilities, including, but not limited to, supporting market development initiatives and other evaluation and measurement activities. (For clarity, the term "project-level information" includes the information based on the scope of the project, including, but not limited to, aggregated and anonymized whole building, building or subsets of the project.)
